

**School-based Child and Family Therapist Job Opportunity:**  
**Come work in the beautiful McKenzie River communities and enjoy a great work environment and top pay!**

**About Us**

Orchid Health was founded five years ago with the belief that the most effective way to improve the health of our communities is through integrated patient-centered care that takes the time to listen to and build trusting relationships with each patient. We are committed to our communities and each other, and are proud of the positive feedback and reputation that we have built.

In January, 2020 we opened our third clinic in Blue River, Oregon and have formed a close partnership with the McKenzie School District. Our mission in partnering with the schools is to provide accessible, youth-friendly mental health services located on the school campus and we are looking to hire a School-based Child and Family Therapist in support of this.

We believe this is a great opportunity for someone who identifies with the following sentiments:

- I enjoy a flexible environment where the team works together (often going above and beyond to best accomplish a shared vision), celebrates successes together, and values all team members unique perspectives and contributions.
- I love the idea of small-town providers who have the time to connect with patients as well as the idea of helping grow a “startup” organization in pursuit of its vision.
- I love working with kids and the idea of partnering with a school to proactively improve the health of their students via individual and group visits.

**Essential Functions**

- Provides direct mental health services to include intake assessment, individual/family/group therapy, and crisis intervention to assigned clients
- Maintains regular contact with the parent/guardian of each client (if appropriate)
- Facilitates a “shared goal model” within and across settings to achieve coordinated high-quality care that is patient- and family-centered
- Completes master treatment plans, treatment plan updates, and all chart requirements
- Furnishes required reports to Child Protective Services, legal system and other involved agencies as necessary
- Attends regularly scheduled staff meetings and clinical supervision
- Provides consultation for school staff regarding mental health issues of clients (as appropriate)
- Conducts group therapy as necessary
- Consult and collaborate on a multidisciplinary team making referrals to primary care or other community organizations as appropriate.
- Participates in the collection of mental health information and student outcomes data to be used for monitoring the overall performance and effectiveness of services provided.
- Provides complete and timely documentation to support services rendered
- Other duties as assigned

**Qualifications/Experience**

- Must possess a strong knowledge of the common diagnoses and treatments for school age children and possess the skills necessary to facilitate positive change in a school environment.
- A Master's or Doctorate Degree in clinical counseling, social work, psychology, or a behavioral health discipline from an accredited college or university.
- Oregon licensure or within 3 months of licensure
- A minimum of two (2) years' of providing behavioral health services (i.e. assessment, diagnosis, or treatment of an individual's behavioral health needs) in the behavioral health field.
- A minimum of one year providing behavioral health services to children.

**Bonus Skills (not required but strongly valued)**

- Alcohol/Drug Certification
- EMDR Experience
- Trauma-Informed Care - Knowledge and Practice
- Suicide Prevention and Management Training
- Family Therapy Skills and Training
- Experience providing Group Education and Support Classes
- Familiarity with Peer Support Systems
- Familiarity working in integrated healthcare settings (with primary care, school staff, etc...)

**Compensation and Benefits**

- Starting base salary range \$62k - \$70k.
- Complete benefits package including health/dental/vision insurance, PTO, paid medical malpractice, retirement and continuing education stipend.
- Additional benefits include health and wellness reimbursement fund and birthday PTO day.
- Student loan repayment available.
- Relocation stipend
- Sign on bonus

Orchid Health embraces diversity and equal opportunity in a serious way. We are committed to building a team that represents a variety of backgrounds, perspectives, and skills. The more inclusive we are, the better our work will be.
