

Seeking Lead PA or NP - Great Work Environment and Pay!

About Us

Orchid Health is a well-respected rural clinic group and recognized as one of the Top 100 Companies to Work for in Oregon - 2021. Our model of care is built on providing comprehensive team-based care, which starts with a 30-minute huddle each morning and allows our providers to spend more time building relationships with our patients through 60-30-15-minute visits. We are currently looking for a Lead Physician Assistant or Nurse Practitioner to join our soon-to-be opened School-Based and Community Health Center Clinic located in Veneta/Elmira - which is a scenic 25-minute drive west of Eugene.

We believe this is a great opportunity for someone who identifies with the following sentiments:

- I enjoy a flexible environment where the team works together (often going above and beyond to best accomplish a shared vision) and celebrates successes together;
- I love the idea of being a small town provider and connecting with my patients;
- I love the idea of treating patients with comprehensive care and not just sending people off to specialists;
- I am interested in helping design a new healthcare model while focusing on supporting those that need care most.

Orchid's Core Values:

We Show Respect
We Don't Accept the Status Quo
We are Passionate about our Mission
We Choose Positivity
We Embrace a Learning Environment
We Honor Integrity and Accountability
We Value Relationship

Position Highlights

- Offering a great work environment with a very skilled and positive team that includes your MA, a behavioral health consultant, an RN, a community health worker, and a great front office team. Our provider team is also very team oriented and includes PAs, NP's and an MD.
- Our focus is on quality instead of volume
- Spend 10 - 20% of your time on population health work taking a break from patient visits
- Offering a flexible schedule
- Opportunity to share your knowledge by assisting with monthly rotations of learning from each other for the purpose of 1) learning new ways of doing things, and 2) suggestion points for the other team.
- Provide excellent Care Management support
- Serve as a provider champion for care management programs, partnering with Clinic Manager, RN, and Medical Director to help identify and manage highest-need patients.
- Veneta/Elmira is considered one of Oregon's highest need areas when it comes to healthcare, and taking this position will be making a huge difference in a community that truly needs and appreciates its healthcare providers.

Requirements

Work 5 days per week at our Fern Ridge Clinic. Open to discussing various schedule options.

3+ years of experience as a PCP in a family practice setting.

Chronic care management, pain management and integrated behavioral health experience preferred.

Must have BLS, DEA certificate and OR license upon start.

Malpractice claim history will be examined and a background check will be performed.

Compensation

- \$116k-\$138k for a full-time 40-hour 5 day per week work schedule.
- Medical/PTO/CME/Malpractice Benefits
- \$8,000 sign-on bonus with 2 year contract (½ paid upfront)
- Eligible site for student loan repayment.

At Orchid Health, we strive to be a place where a diverse mix of talented people want to come, to stay, and do their best work. We believe in diversity of race, gender, sexual orientation, religion, ethnicity, national origin, and all the other fascinating characteristics that make us different.
